*"The John-Paul Jones Group when seen live delivers a raw performance that will have you wanting more..." – Lifoti Magazine*

*"John-Paul Jones Group sound may be reminiscent of Hendrix, Lynott, Gallagher & Trower, but he definitely is an original who preaches from the heart and soul of a modern man" - Ernie Peniston - Iowa Blues Hall of Fame*

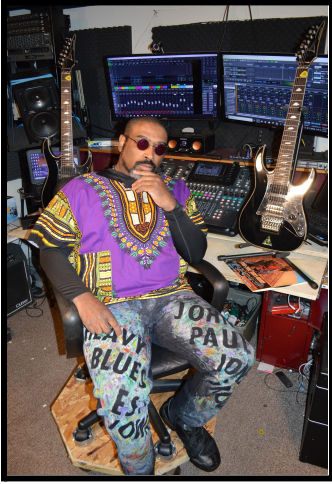

*"This album is a very personal reflection from my perspective as a native black lowegian. My family's seven generation-strong history (in Iowa) – coupled with our integration into the society around us – has molded my perspectives on life in ways hard for many to comprehend. With this album, I hope my artistically authentic interpretation of living in rural small town America is relatable to anyone regardless of what they look like, where they are now or where they have come from." - Prof. Jp*
