To whom it may concern...

As a member of the Iowa music scene since 1963, and as a member of the Iowa Blues Hall of Fame, I feel qualified to heartily recommend the John-Paul Jones Group for any event organizer in need of quality live music.

Jp Jones has a personal interpretation of music and expresses his original style on an equally unique 7 string guitar sound reminiscent of 60's blues rock greats such as Rory Gallagher & Robin Trower while at the same time bringing a modern edge to give his blues a unique sound..

Jp 's fresh approach coupled with backup from the area's finest musicians provides an exciting sound... I feel this group can play any venue with equal combination of entertainment, professionalism and musicianship.

Musically yours,

*Tony Blew*
