VERSE 1

I was walking downtown man I Got in the Rain
dropped by the station As I tried to ease my pain
Picked up the paper Warrant Wednesdays always clear
So says the newsman bad times are always near

PRE-CHORUS 1

Well my future might blurry My pockets might be light
But baby don't you worry Cause my end ain't in sight

CHORUS 1

Broke in Bridge City Aint no place for me to be
if I don't watch it - might get stuck with Tweaker Leah

VERSE 2

Where was my neighbor when my mower walked out my shed
thought the other day honesty might be dead
Please Tell Me Honor How Can It Truly Be
You Locked up everybody but freed old Tweaker Leah

PRE-CHORUS 2

Every Body Saying What Happened to this town
Look at All the Buildings man They're just all run down
